

ADDENDUM – 328 & 329 WALL FIXING STRIP

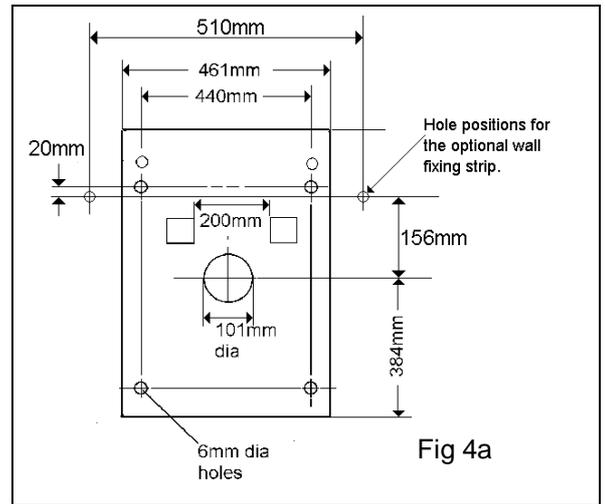

This wall fixing strip is supplied for wall mounting the appliance when used in conjunction with a metal firebox.

Referring to fig. 6 in the installation instructions, fit the closure plate as instructed in sections 3.4.3 & 3.4.4.

Drill two holes at 510mm as shown in fig. 4a opposite and plug the wall using no. 10 wall plugs.

Lift the appliance and angle it backwards to engage the support brackets onto the fixing strip and carefully pivot the appliance downwards to engage the flue spigot in the closure plate.
