SAFETY DATA SHEET

Superconcentrate Limescale Preventer

1. Identification of the preparation and of the company

Product name	:	Superconcentrate Limescale Preventer	
Code	:	61015	
Head Office	:	Cookson Electronics Forsyth Road Sheerwater Woking	Ma

Manufacturer

: Cookson Electronics Assembly Materials Group Ashford Manufacturing Site Henwood Industrial Estate Hythe Road Ashford Kent England TN24 8DH Tel: +44 (0) 1233 610110 Fax: +44 (0) 1233 664323

Contact person : shosken@cooksonelectronics.com

Material uses : Water treatment agent.

Surrey

England

GU21 5RZ

Tel: +44(0)1483 758400

Fax: +44(0)1483 728837

2 Hazards identification

The substance is not classified as dangerous according to Directive 67/548/EEC and its amendments.

Classification

: Not classified.

Effects and symptoms Skin contact

Slightly hazardous by the following route of exposure: of skin contact (irritant). Slightly hazardous by the following route of exposure: of eye contact (irritant).

Eye contact Toxicity data

See section 11 for more detailed information on health effects and symptoms.

3 Composition/information on ingredients

Substance/preparation : Substance

Occupational exposure limits, if available, are listed in section 8.

The classifications listed, indecate the potential hazards of the ingredients

4. First-aid measures

Inhalation	: Get medical attention if symptoms occur.
Ingestion	: Wash out mouth with water. Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Get medical attention if symptoms occur. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately.
Skin contact	 Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur. Wash clothing before reuse. Clean shoes thoroughly before reuse.
Eye contact	: Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes. Get medical attention if irritation occurs.
Protection of first-aiders	: No action shall be taken involving any personal risk or without suitable training.

4. First-aid measures

Notes to physician

: No specific treatment. Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.

See section 11 for more detailed information on health effects and symptoms.

5. Fire-fighting measures

Extinguishing media	
Suitable	: Use an extinguishing agent suitable for the surrounding fire.
Not suitable	: None known.
Special exposure hazards	: No specific fire or explosion hazard.
	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
Hazardous combustion products	: No specific data.
Special protective equipment for fire-fighters	 Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

6. Accidental release measures

Personal precautions	:	Use suitable protective equipment (section 8).
Environmental precautions	:	Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).
Large spill	:	Prevent entry into sewers, water courses, basements or confined areas. Vacuum or sweep up material and place in a designated, labelled waste container. Dispose of via a licensed waste disposal contractor. Note: see section 1 for emergency contact information and section 13 for waste disposal.
Small spill	:	Move containers from spill area. Vacuum or sweep up material and place in a designated, labelled waste container. Dispose of via a licensed waste disposal contractor.

7. Handling and storage

_	
Handling	 Put on appropriate personal protective equipment (see section 8). Do not ingest. Avoid contact with eyes, skin and clothing.
Storage	: Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see section 10) and food and drink. Use appropriate containment to avoid environmental contamination.
Packaging materials	
Recommended	: Use original container.

8. Exposure controls/personal protection

Exposure limit values	
Ingredient name	Occupational exposure limits
Europe	
No exposure limit value known.	
Sweden	
No exposure limit value known.	
Denmark	
No exposure limit value known.	
Norway	
No exposure limit value known.	
France	
Date of issue : 01/02/2010.	

8. Exposure controls/personal protection

No exposure limit value known.

Netherlands

No exposure limit value known.

Germany

No exposure limit value known.

Finland No exposure limit value known.

United Kingdom (UK)

No exposure limit value known.

Austria

No exposure limit value known.

Switzerland

No exposure limit value known.

Belgium No exposure limit value known.

Spain

No exposure limit value known. Turkey

No exposure limit value known.

Czech Republic

No exposure limit value known.

Ireland

No exposure limit value known.

Italy

No exposure limit value known.

Estonia No exposure limit value known.

Lithuania No exposure limit value known.

Slovakia

No exposure limit value known.

9. Physical and chemical properties

General information	
Appearance	
Physical state	: Solid.
Colour	: Colourless.
Odour	: Characteristic.
Important health, safet	y and environmental information
рН	: 7.2 [Conc. (% w/w): 1%]
Solubility	: Easily soluble in the following materials: cold water and hot water.
VOC content	1 · · · · · · · · · · · · · · · · · · ·

10. Stability and reactivity

-		-
Stability		ne product is stable. Under normal conditions of storage and use, hazardous olymerisation will not occur.
Conditions to avoid	: No	o specific data.
Materials to avoid	: No	o specific data.
Hazardous decomposition products		nder normal conditions of storage and use, hazardous decomposition products nould not be produced.

11. Toxicological information

Potential acute health effects

Inhalation	: No known significant effects or critical hazards.
Ingestion	: No known significant effects or critical hazards.
Skin contact	: No known significant effects or critical hazards.
Eye contact	: No known significant effects or critical hazards.
Acute toxicity	

Over-exposure signs/symptoms

12. Ecological information

Aquatic ecotoxicity

Biodegradability	
Other adverse effects	: No known significant effects or critical hazards.

13. Disposal considerations

Methods of disposal	:	The generation of waste should be avoided or minimised wherever possible. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers.
European waste catalogue (EWC)	:	16 03 04 inorganic wastes other than those mentioned in 16 03 03
Hazardous waste	:	Within the present knowledge of the supplier, this product is not regarded as hazardous waste, as defined by EU Directive 91/689/EEC.

14. Transport information

Regulatory information	UN number	Proper shipping name	Classes	PG*	Label	Additional information
ADR/RID Class	Not regulated.	-	-	-		-
